Extremely submissive white American wife to be "disappeared" for total black breeding slavery: My husband says it's time to "put my money were my mouth is" and prove how submissive I am. I have traveled to South Africa looking to meet aggressive dominant black men who can use me, train me, "turn me out" as a general use black breeding slut, and even take me as a permanent black breeding slut slave. Experience with primitive tribal conditions desirable if possible. No limits BDSM, including permanent markings, tattoos, brandings, etc. the only request is that everything be videoed for the husband to enjoy.
